

IN3air O₂

Introducing the world's first designer oxygen purifier

In today's urban society we spend 90% of our time indoors, breathing out carbon dioxide and competing for oxygen.

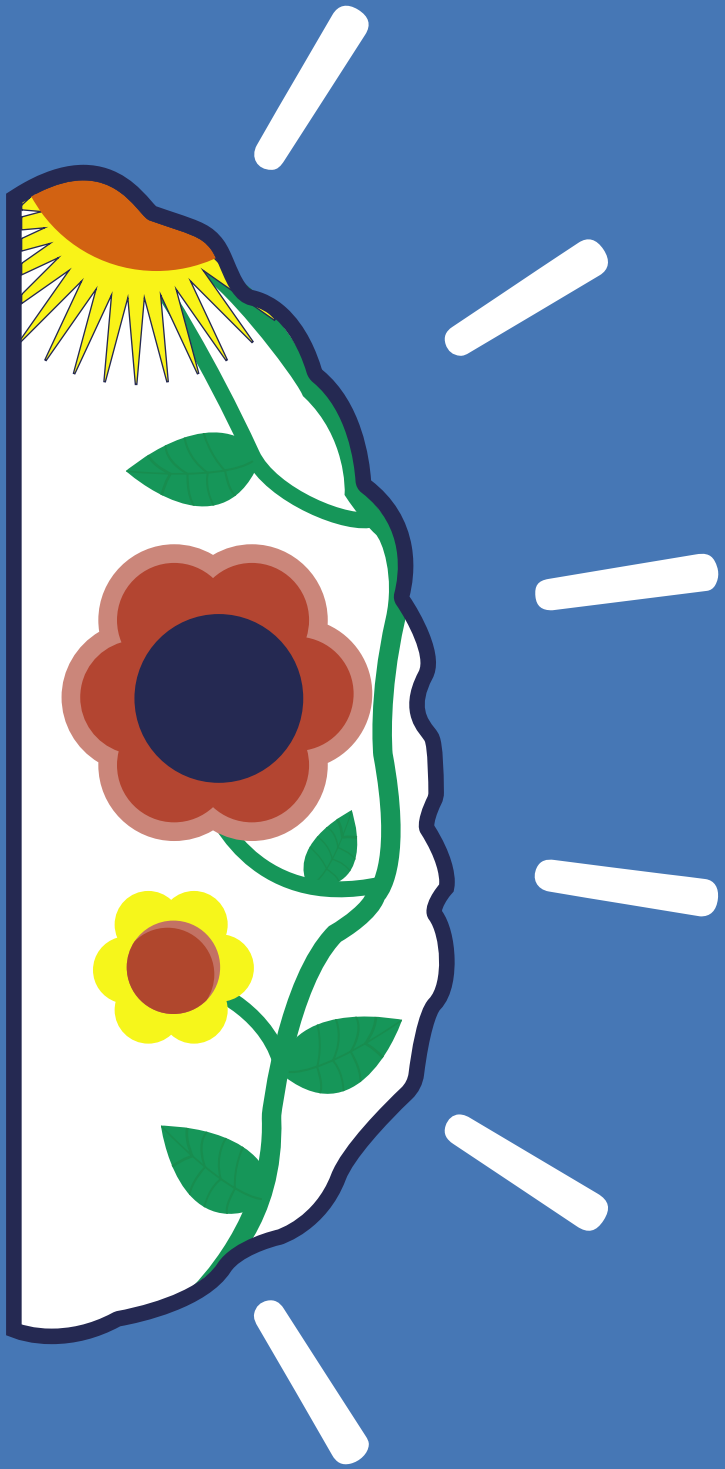

The INBairO₂ provides a simple solution: a lightweight, designer oxygen purifier created for the modern lifestyle.

IMPORTANT: The INBairO₂ is not a medical oxygen concentrator, it should not be bought or used by any persons requiring medical oxygen for any health condition whatsoever

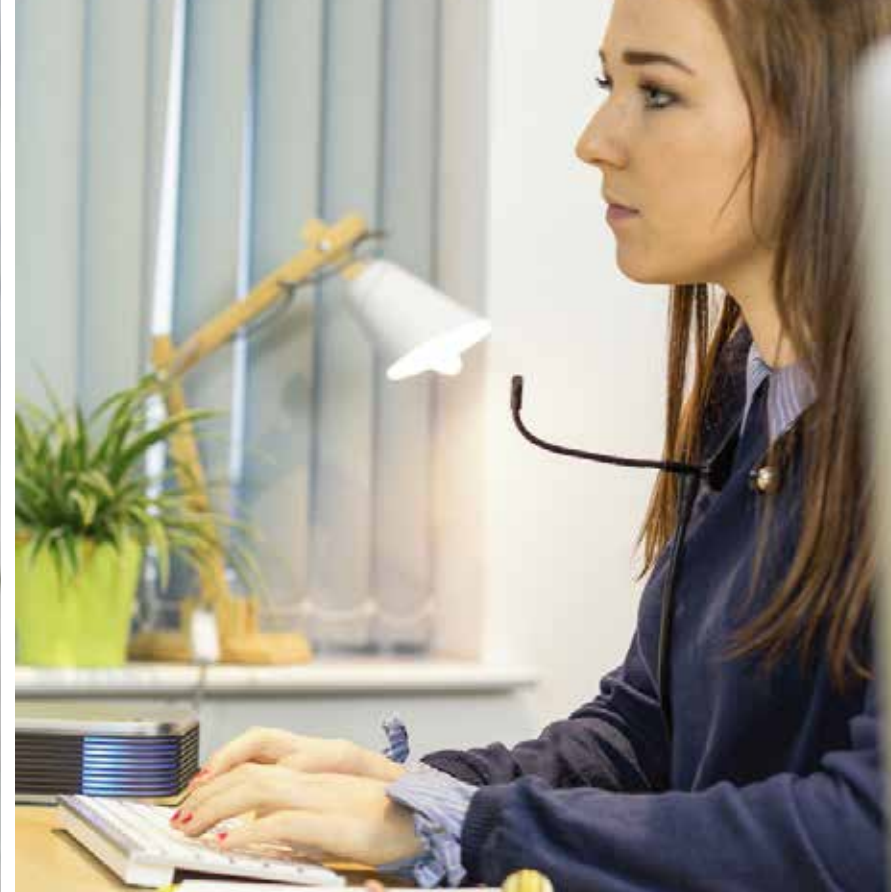

CO₂

Designer products need designer accessories

The INBairO₂ is used with a stylish headset that sits neatly around the neck, quietly and subtly directing oxygen towards you from a comfortable distance - no need to wear a bulky mask.

Our bespoke bag offers stylish protection so you can enjoy oxygen wherever life takes you.

look great + feel great!

IMPORTANT: The INBairO₂ is not a medical oxygen concentrator, it should not be bought or used by any persons requiring medical oxygen for any health condition whatsoever.

People say that
love is life's
most precious thing....
Oxygen gets our vote!
